

# NITROGEN +SYNGAS

INTERNATIONAL CONFERENCE & EXHIBITION

Bahrain 28 Feb – 3 Mar

# 2010

## EXHIBITION

Now in its 20th year the conference will once again highlight key issues prominent in the industry. Regularly attended by over 400 participants the event will bring together technical and commercial decision makers from the entire nitrogen and syngas based industries.

Taking an exhibition stand at the event enables you to fully interact with conference delegates whilst raising your profile in front of a key and influential audience.

**“Very well-organised conference with good international representation from all the key players in the market”**

**Rebecca Cardani-Strange**, N.serve Environmental Services, Nitrogen & Syngas 2009
